

Here We Are

INTRO

We humble ourselves before You Lord.
We lay our lives at Your feet.
We are here to serve You Lord.
With all our heart we believe.

VERSE 1

The struggles of our nation weigh heavy on our hearts
but we know You have a plan.
In this generation You're lighting a fire
in the heart of every man.

PRE-CHORUS

We humble ourselves before You Lord.
We lay our lives at Your feet.
We are here to serve You Lord.
With all our heart we believe.

CHORUS

Your kingdom come, Your will be done
in our hearts and in this place.
We're on our knees before You Lord
We seek Your holy face.
Here we are, here we are, here we are.

VERSE 2

You're fixing our lives and restoring our homes
as we turn to follow You.
We stand in the gap in faith and prayer
til we see Your strong arm move.

BRIDGE

We repent of our ways oh Lord.
We turn to follow You.
We won't back down or give up oh Lord.
We're in covenant with You.
We stand in the gap for nations and homes
release Your Spirit Lord.
Send healing now, we're on our knees
before Your holy throne.
Here we are, here we are, here we are.
